

Marketing

The marketing program is one of the most established and respected programs within the marketing discipline. It is a computer-based program in which marketing theory and practice receive equal emphasis as applied to both financial and managerial marketing issues. It intends to support the career objectives of those looking to enter the job market upon graduation, as well as the academic needs of those looking to pursue advanced degrees. Required course work covers areas critical to success in today's marketing workplace:

- Technical marketing knowledge
- Communication and interpersonal skills
- Career-related computer literacy
- A laptop computer is recommended, but not required, for students entering the marketing program.
